

8550 Astronaut Blvd.
Cape Canaveral, Florida 32829-4304

DATE: June 7, 2001

TO: Environmental Manufacturing Solutions (EMS)

SUBJECT: AeroSolutions Carbon Remover and Interior Cleaner

United Space Alliance has been directed by NASA and the U.S. Air Force to procure the product (s) AeroSolutions Carbon Remover and AeroSolutions Interior Cleaner from Environmental Manufacturing Solutions, LLC (EMS).

United Space Alliance has been informed that these products will be used at the Kennedy Space Center (KSC) and at the Cape Canaveral Air Force Station (CCAFS) for the cleaning of various spacecraft. We have been informed that due to the outstanding safety features and superior cleaning abilities of these products, United Space Alliance shall place these items on the Procurement Priority List.

Any questions regarding access and temporary badging should be directed to USA Security, 321-861-6628

Very truly yours,

UNITED SPACE ALLIANCE, LLC
